

**Office of Transport Safety Investigations**

# ANNUAL REPORT

---

2009 - 2010

## Office of Transport Safety Investigations

The Honourable John Robertson, MLC  
Minister for Transport  
Level 35, Governor Macquarie Tower  
1 Farrer Place  
SYDNEY NSW 2000

31 October 2010

Dear Minister

It is my pleasure to submit to you the 2009 – 2010 Annual Report of the Chief Investigator of the Office of Transport Safety Investigations (OTSI) for presentation to Parliament.

The Report highlights the principal undertakings and achievements of the Office as the State's Transport Safety Investigator throughout the reporting period.

The report has been prepared in accordance with the requirements of the *Annual Reports (Statutory Bodies) Act 1984* and the *Annual Report (Statutory Bodies) Regulation 2000* and the *Public Finance and Audit Act 1983*.

Yours sincerely,

Paul S. O'Sullivan  
Chief Investigator

## Chief Investigator's Report

In its fifth year of operations as an independent statutory office responsible for serving the safety interests of the travelling public and those of the rail, bus and ferry operators who provide passenger and rail freight services, OTSI has continued to make a significant contribution to public transport and rail freight safety through its direct investigative involvement with service providers, industry regulators, government divisions and authorities, and the general public. In particular, it has:

- Fostered constructive and open working relationships with transport industries, transport service providers, unions, regulators, the media and the general public. The MOUs and guiding principles it has agreed with the NSW rail, bus and ferry regulators have proved to be effective bases for information exchange and investigative collaboration.
- Promoted the concept and practice of a Just Culture occurrence reporting system and facilitated the reporting of safety concerns by transport employees by providing a secure and responsive investigatory service through the confidential information reporting scheme.
- Cooperated with the State Coroner, Crown Solicitor's Office and NSW Police by providing expert witness evidence in preparation for, and at coronial inquests into fatal accidents investigated by OTSI.
- Contributed to the proceedings of the National Integration Working Group concerning the establishment of a single national rail investigator.
- Maintained its currency and capability as a multi-modal transport accident investigator through the application of contemporary investigative practices, together with participation in field and tabletop exercises, and liaison with other investigative jurisdictions, to improve its incident response procedures, investigation management and report presentation.
- Completed investigations into six rail, one ferry and four bus accidents in which fatal injuries were sustained by two members of the public. The reports into these accidents have been tabled in Parliament and are publicly available on the OTSI website.
- Initiated investigations into seven rail, one ferry and four bus accidents in which fatal injuries were sustained by three members of the public.

The Office has received considerable support from many departments, authorities, offices and organisations throughout the year. This support has greatly assisted the Office to perform its various functions. I'm most grateful for that support and assistance. Most importantly, the Office has had the benefit of the cooperation of rail, bus and ferry operators in the course of its investigations. Without that cooperation which is gratefully acknowledged, it would be more difficult for OTSI to achieve its purpose of improving public transport safety. The members of the OTSI team also warrant special mention for their dedication and sustained commitment to the primary purpose of improving public transport safety.

In this fifth year of independent operations, OTSI has continued to make a direct and significant contribution to the provision of safer public transport services and rail freight services in NSW. Its place as one of the important institutional structures which provides essential public services to the people of NSW is firmly established. I look forward to further developing the capability and capacity of the Office to ensure that it continues to serve the broadest possible safety interests of transport industries, operators and the travelling public in NSW.

**Paul O'Sullivan**  
**Chief Investigator**

## **Charter**

OTSI was originally established on 1 January 2004 as a separate division within what was then the Independent Transport Safety and Reliability Regulator (ITSRR). However, with the passage of the *Transport Legislation Amendment (Waterfall Rail Inquiry Recommendations) Bill 2005*, OTSI was separated from ITSRR and the office of the Chief Investigator of the Office of Transport Safety Investigations was established as a statutory agency of the NSW Government and commenced independent operations on 1 July 2005.

Amendments to the *Transport Administration Act 1988* confer powers on the Chief Investigator to establish the Office of Transport Safety Investigations and conduct investigations into rail, bus and ferry accidents and incidents in accordance with the provisions of the *Rail Safety Act 2008*, the *Passenger Transport Act 1990* and the *Marine Safety Act 1998*.

OTSI was established as an independent office to ensure that both the travelling public and transport service providers could have a high degree of

confidence that all safety investigations involving the NSW public transport network were conducted in a fair, impartial and rigorous manner, applying the principles of 'just culture' to all investigations initiated as a result of its response to notifiable incidents and accidents.

While the Chief Investigator OTSI reports to the Minister for Transport, the Chief Investigator is not subject to the direction and control of the Minister in the exercise of the Chief Investigator's investigative and reporting functions. However, in a situation where the Chief Investigator may not have already initiated an investigation into a particular rail or passenger transport accident or incident, he is required to do so when given a written direction by the Minister.

In this fifth year of independent operations, considerable emphasis has been placed on ensuring that OTSI's Results and Services Plan reflects the objectives of the State Plan, particularly as they relate to an Effective Transport System.

### **Aims and Objectives**

The Office of Transport Safety Investigations contributes to the safe operation of public transport and rail freight services in New South Wales by initiating and directing investigations into accidents and safety-related incidents whenever and wherever they occur. OTSI's investigations are conducted with the purpose of producing the following outcomes:

- ◆ Identification of those factors which have caused and/or contributed to rail freight and rail, bus and ferry passenger transport accidents and incidents.

- ◆ Determination and specification in its Investigation Reports of the most appropriate remedial safety action to prevent recurrence of similar types of accidents and incidents.
- ◆ Production of Transport Safety Investigation Reports which are tabled in Parliament by the Minister for Transport and published on the OTSI website for operator, industry and public utilisation.
- ◆ Provision and management of a Confidential Safety Information Reporting Scheme (CSIRS) for use by transport employees for the reporting of safety issues that require remedial action.
- ◆ Analysis of rail, bus and ferry operations and accident investigations in other jurisdictions in order to identify safety trends and contemporary practice that warrant notification to rail freight and passenger transport service providers in NSW where such notices can contribute to operational safety.

To achieve these outcomes, the Office has established and provides the following services and functions:

- ◆ A 24 hour on call Duty Officer to whom rail, bus and ferry operators and regulators report the occurrence of accidents and incidents.
- ◆ A 24 hour investigation response team capable of providing immediate deployment to an accident or incident site.
- ◆ A team of transport safety investigators capable of undertaking investigations into multi-modal accidents and incidents.
- ◆ A dedicated response capability for Confidential Safety Information Reports.
- ◆ The provision of detailed accident and incident reports which are designed to improve transport safety.
- ◆ At present, safety trend analysis is undertaken by individual investigators but requires a dedicated analyst to provide a comprehensive and continuous capability.

## **Organisation**

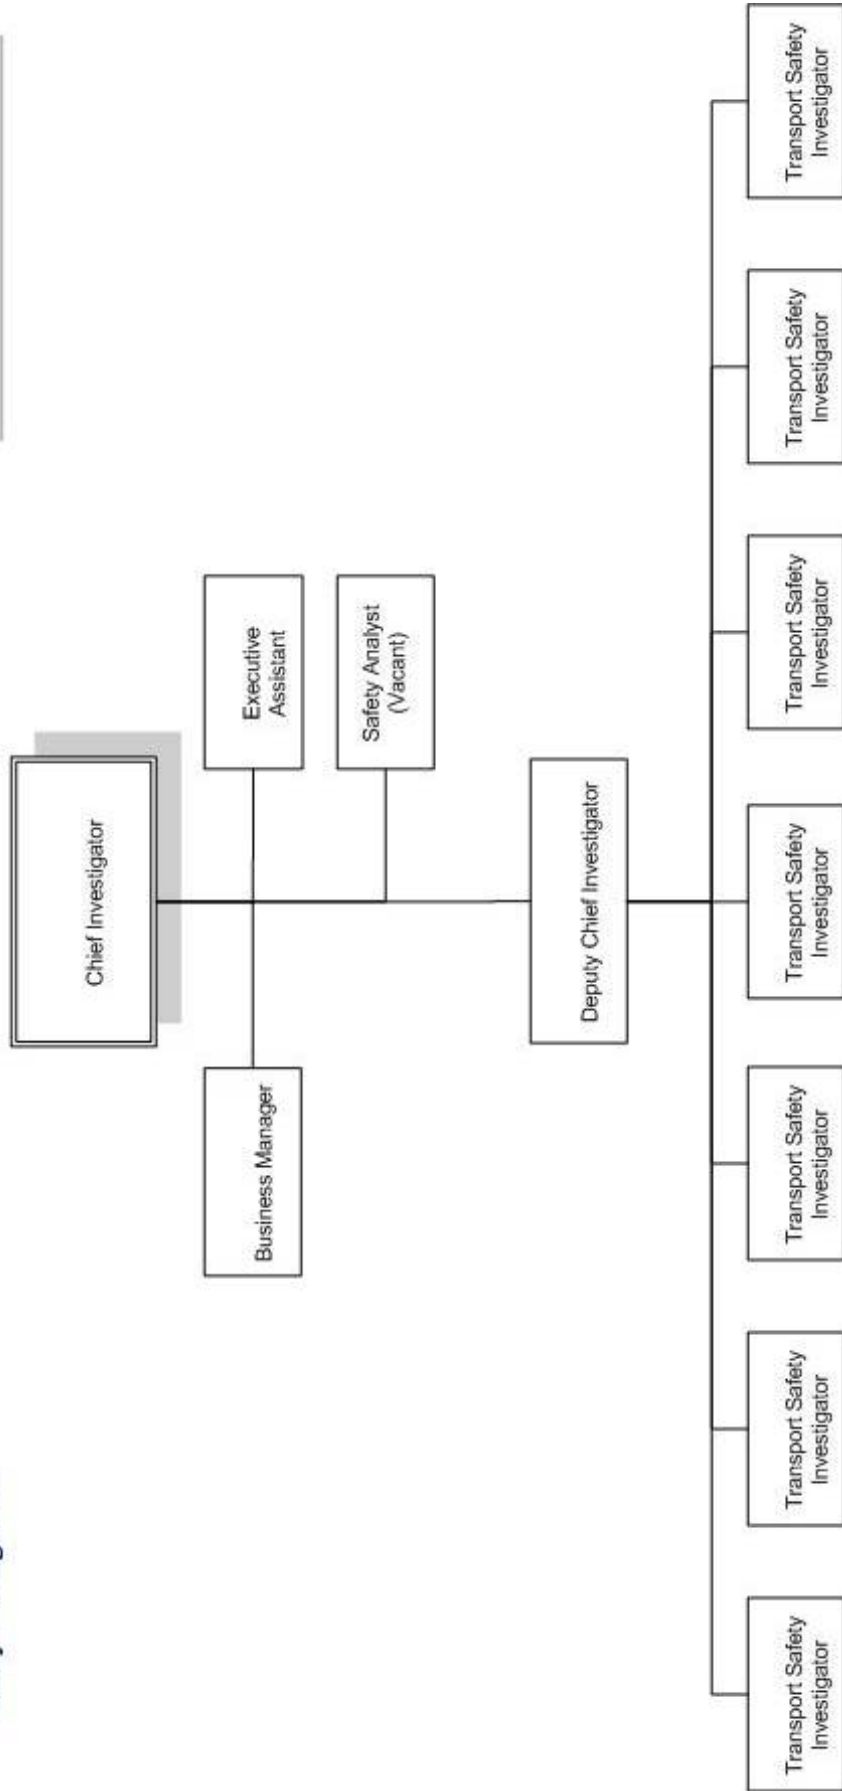

OTSI has a staff of nine investigators which includes the Chief Investigator and the Deputy Chief Investigator, supported by a small administrative team. The organisation of the Office is shown on the next page.

**Office of Transport  
Safety Investigations**

**Note**

The Chief Investigator is appointed by the Governor on the recommendation of the Minister for Transport and is accountable to that Minister.

## Operations

Throughout the reporting year, OTSI has undertaken the following operational activities:

- ◆ Received and assessed rail, bus and ferry accident and incident notifications from accredited operators and regulators in accordance with the *Rail Safety Act 2008* and the *Passenger Transport Act 1990*.
- ◆ Conducted “Just Culture” investigations into Level 1 (those involving fatalities, serious injury and significant damage) rail, bus and ferry accidents and incidents, to determine causation, contributory factors and preventative remedial safety action.
- ◆ Conducted “systemic” investigations into organisational, operational, cultural and other deficiencies that are identified in the course of Level 1 investigations.
- ◆ Reviewed the reports of investigations conducted by transport operators to determine the adequacy of those investigations, their findings and recommendations.
- ◆ Received and facilitated the investigation of reports of safety concerns lodged by transport employees under the Confidential Safety Information Reporting Scheme (CSIRS).
- ◆ Conducted analysis of transport accidents and incidents in Australia and abroad to identify safety trends which warrant the provision of safety notifications to operators and regulators.

## 2009 – 10 in Review

During the year, OTSI received 2173 reports of incidents and accidents which fell within the category of “Notifiable Occurrences” as described in the *Acts*, *Regulations* and established reporting protocols. As a result of these notifications, OTSI investigators deployed on 33 occasions and the Chief Investigator determined that the following 12 incidents warranted independent investigation by OTSI:

### Rail

- ◆ 28 July 2009 Runaway grain wagon at Temora Wheat terminal
- ◆ 18 October 2009 Safeworking breach by PN freight crew at Glenlee
- ◆ 27 February 2010 Collision between two monorails at Darling Park
- ◆ 13 March 2010 Derailment of empty PN grain train at Whittingham
- ◆ 1 April 2010 Contract track workers near strike at Strathfield
- ◆ 11 April 2010 Unsecured PN container gate strike at Woy Woy
- ◆ 13 April 2010 RailCorp contract track worker fatality at Kogarah

### Ferry

- ◆ 28 April 2010 Fire onboard Captain Cook Ferry *Jillian*

### Bus

- ◆ 5 August 2010 Pedestrian fatality at bus stop at Ingleburn
- ◆ 8 February 2010 Separation of wheel from school bus at Medowie
- ◆ 19 March 2010 Unsecured school bus floor hatch at Castle Hill
- ◆ 14 May 2010 Barrengarry Nature Reserve tour coach fatality

In all, OTSI dealt with 19 major investigations during the reporting period. Of the 12 investigations initiated in 2009 – 10, four were completed within the reporting period, together with another seven investigations which were in progress from 2008 – 09. The reports of these 11 investigations were submitted to the Minister, tabled in Parliament and published on the OTSI website on the dates indicated:

## Rail

- ◆ 11 November 2009 Derailment of CityRail service 37-K at Homebush
- ◆ 3 December 2009 Derailment of PN freighter at Euabalong West
- ◆ 22 March 2010 Derailment of CityRail service K496 at Unanderra
- ◆ 27 April 2010 Runaway grain wagon at Temora Wheat terminal
- ◆ 20 May 2010 SPAD by Track Machine at Goobang Junction
- ◆ 18 June 2010 Self-harm fatality in Eastern Suburbs Rail tunnel

## Bus

- ◆ 11 December 2009 Bus wheel separation and collision Bossley Park
- ◆ 12 May 2010 Separation of wheel from school bus at Medowie
- ◆ 18 June 2010 Pedestrian fatality at bus stop at Ingleburn
- ◆ 25 June 2010 Unsecured school bus floor hatch at Castle Hill

## Ferry

- ◆ 18 June 2010 Sydney Ferries' *Sirius* collision in Darling Harbour

In discharging its other responsibilities throughout the Reporting Period, OTSI:

- ◆ Received 13 rail, bus and ferry operator investigation reports and completed its review of 10 of those investigations, providing comment on the adequacy of the investigations, their findings and safety recommendations.
- ◆ Received 31 confidential reports from transport employees through the Confidential Safety Information Reporting Scheme (CSIRS) and finalised 23 of those cases with formal notification of the results of the investigations being provided to the reporters.

### **Challenges 2009 – 2010**

Although much has been achieved in its first five years of independent operation, there are important challenges which OTSI continues to confront, and seeks resolution to, in the year ahead. Some of those challenges include the following:

- ◆ Continue to measure and benchmark OTSI's performance against national and international good practice standards in transport accident investigation methodologies, completion timeframes and report compilation, and ensure that OTSI is at least matching, if not exceeding, those benchmarks.
- ◆ Retain the services of the highly skilled investigators who make up the OTSI team.
- ◆ Invest in OTSI's people and enhance operational capability through programs of continuing professional development, education and training.
- ◆ Obtain financial supplementation to enable the recruitment of a suitably qualified and experienced analyst to fill the currently vacant Transport Safety Analyst position, thereby enhancing OTSI's capability to engage in transport safety investigation analysis.
- ◆ Research and acquire relevant emerging investigative technologies which have the potential to enhance the techniques, practices and procedures employed by OTSI in the conduct of its investigations.

### **Governance and Management Systems**

The Governance and Management Systems applied in OTSI are appropriate to its size and are not overly complex with the Chief Investigator exercising all the powers and functions of a Chief Executive Officer. Given the resources available, the Chief Investigator has more direct span of control over the application of all the resources of OTSI than may be applicable to a larger, more diversified organisation.

### **Management of OTSI Records**

OTSI has an in-house system in place to maintain Electronic Records and manage documents. A review of recordkeeping practices and systems is

conducted on an annual basis. The aim of this functional system is to enable OTSI to achieve its business objectives by:

- employing best-practice recordkeeping systems;
- improving staff retrieval of key business information;
- ensuring statutory recordkeeping requirements are met; and
- having a single system for record management.

In September 2008, a Functional Retention and Disposal Authority developed by OTSI was approved by the NSW State Records Board. This Authority identifies records that can be transferred to State Archives and provides State Records approval for the destruction of records after a suitable retention period has been met.

## **Stakeholder Engagement**

### **Industry Participants**

In conducting its investigations, OTSI adopts a process in which it initially seeks to establish the facts associated with an incident, and having determined that the incident warrants OTSI investigation as a Level 1 (or sometimes Level 2) incident, it notifies all Directly Involved Parties (DIP) of its intention to investigate and then publishes an Interim Factual Statement, describing what happened, and setting out the Terms of Reference for its investigation.

During the course of the investigation, OTSI works with the nominated representatives of the DIPs to acquire all information that will assist the conduct of the investigation. At the stage where a draft report has been prepared, it is circulated to all DIPs for comment. The purpose of this step in the process is to provide DIPs with the opportunity to contribute to the compilation of the Final Report by verifying the factual information, scrutinising the analysis, findings and recommendations, and providing any commentary that would enhance the structure, substance, integrity and resilience of the Investigation Report. The Chief Investigator retains the prerogative as to which matters contained in the responses provided by the DIPs are incorporated in OTSI's Final Report, and where he rejects any suggested amendment, he provides an explanation for doing so to the particular DIP.

The Final Report is then compiled and submitted to the Minister for tabling.

### **Industry Regulators**

OTSI maintains a close working relationship with all the Regulators involved in Public Transport services in NSW. OTSI has entered into Memoranda of Understanding (MOU) with the Independent Transport Safety and Reliability Regulator (ITSRR) as the Rail regulator and with the NSW Maritime Authority as the Ferry regulator. It has also established a set of Guiding Principles with Transport NSW as the current Bus regulator. The Chief Investigator has regular contact with the Regulatory Heads and there is frequent contact at officer level.

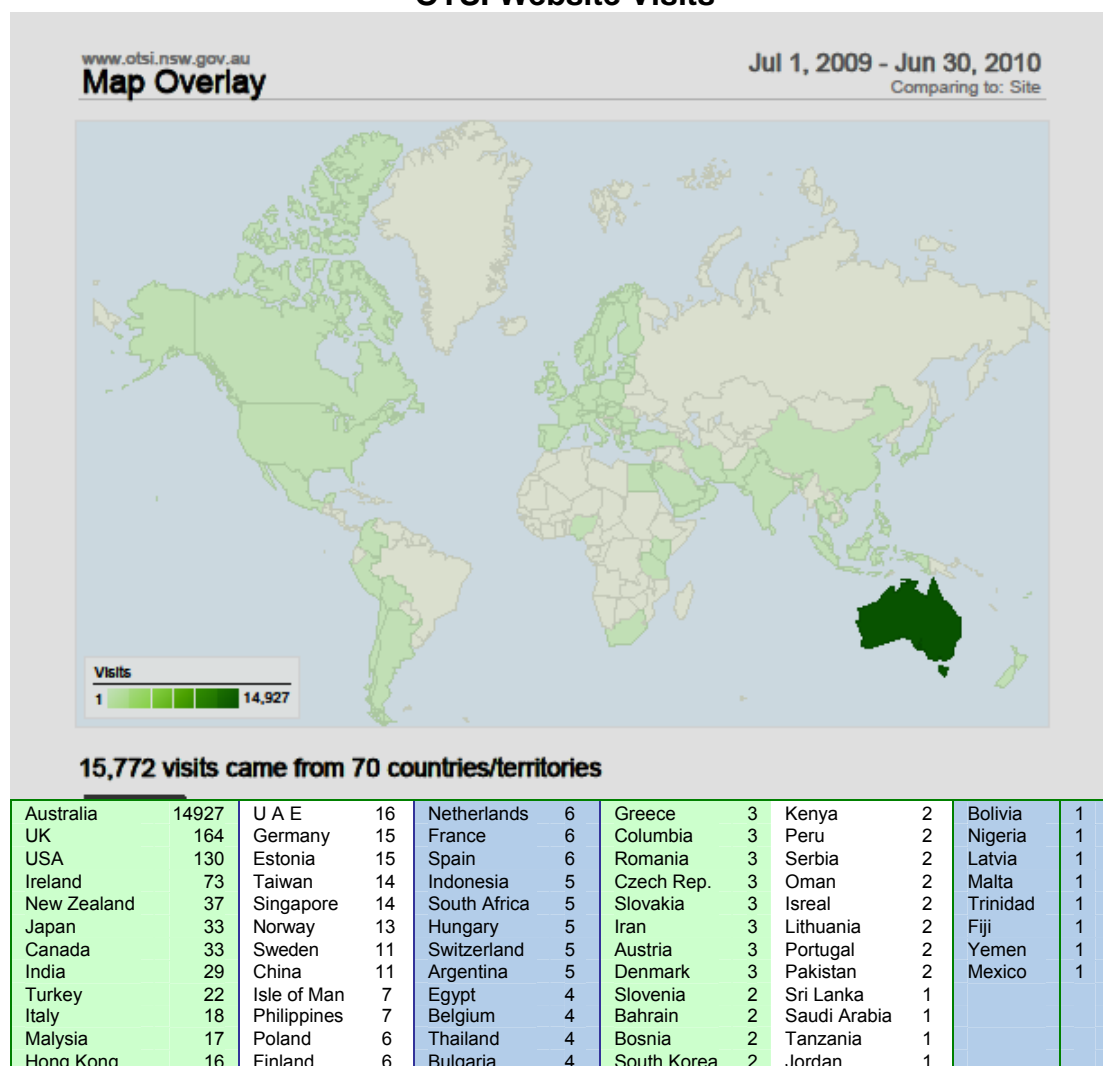

## OTSI in the Global Transport Safety Environment

As with a great number of organisations today, OTSI makes extensive use of the internet to make available to all interested persons the results of its investigations as soon as they are tabled in Parliament by the Minister for Transport.

The OTSI website provides a valuable resource for professionals reporting on transport safety investigations; for similar investigatory organisations in other parts of Australia and overseas; for transport enthusiasts and for those involved in safety incidents or the reporting of incidents who need access to published investigation outcomes.

OTSI's operations represent a cost effective investment in ensuring the safe operation of the NSW Public Transport and Rail freight industry. While its jurisdiction is within NSW, the impact of the work OTSI performs is obvious well beyond NSW borders. The following tables demonstrate the International interest in OTSI's activities in transport safety. Through its operations, OTSI has not only contributed to the delivery of safe and reliable public transport in NSW, it is making a significant contribution towards the understanding of transport accident causation and prevention around the world, as well as raising the profile of NSW as a State committed to public transport safety.

### Financial Summary Overview

In 2009 -10, OTSI received consolidated fund allocations of \$2.220M. OTSI had minor revenue consisting of investment revenue and reimbursements.

OTSI's net cost of service (represented by total expenses less revenue) was \$2.387M.

A detailed account of OTSI's financial performance is contained in the audited financial statements which follow.

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## STATEMENT BY THE CHIEF INVESTIGATOR

For the year ended 30 June 2010

Pursuant to section 41C (1B) of the *Public Finance and Audit Act 1983*, I state that:

(a) The accompanying financial statements have been prepared in accordance with

- Applicable Australian Accounting Standards (which include Australian Accounting Interpretations);
- The requirements of the *Public Finance and Audit Act 1983* and *Regulations*; and
- The Financial Reporting Directions published in the Financial Reporting Code for Budget Dependent General Government Sector Agencies or issued by the Treasurer under section 9(2) (n) of the *Act*;

(b) The statements exhibit a true and fair view of the financial position and transactions of the Chief Investigator; and

(c) There are no circumstances which would render any particulars included in the financial statements to be misleading or inaccurate.

## INDEPENDENT AUDITOR'S REPORT

### Chief Investigator of the Office of Transport Safety Investigations

To Members of the New South Wales Parliament

I have audited the accompanying financial statements of the Chief Investigator of the Office of Transport Safety Investigations (the Office), which comprises the statement of financial position as at 30 June 2010, the statement of comprehensive income, statement of changes in equity, statement of cash flows and summary of compliance with financial directives for the year then ended, a summary of significant accounting policies and other explanatory notes.

#### Auditor's Opinion

In my opinion, the financial statements:

- present fairly, in all material respects, the financial position of the Office as at 30 June 2010, and its financial performance for the year then ended in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations)
- are in accordance with section 41B of the *Public Finance and Audit Act 1983* (the PF&A Act) and the Public Finance and Audit Regulation 2010.

My opinion should be read in conjunction with the rest of this report.

#### The Chief Investigator's Responsibility for the Financial Statements

The Chief Investigator is responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the PF&A Act. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Auditor's Responsibility

My responsibility is to express an opinion on the financial statements based on my audit. I conducted my audit in accordance with Australian Auditing Standards. These Auditing Standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Office's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Chief Investigator, as well as evaluating the overall presentation of the financial statements.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

My opinion does *not* provide assurance:

- about the future viability of the Office
- that it has carried out its activities effectively, efficiently and economically
- about the effectiveness of its internal controls
- about the assumptions used in formulating the budget figures disclosed in the financial statements.

#### Independence

In conducting this audit, the Audit Office of New South Wales has complied with the independence requirements of the Australian Auditing Standards and other relevant ethical requirements. The PF&A Act further promotes independence by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies but precluding the provision of non-audit services, thus ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their role by the possibility of losing clients or income.

Peter Coulogeorgiou  
Director, Financial Audit Services

Total Appropriation/Expenditure								
Net Claim on Consolidated Fund	<u>2,115</u>	<u>2,115</u>	<u>20</u>	<u>20</u>	<u>2,092</u>	<u>2,090</u>	<u>-</u>	<u>-</u>
Drawdown from Treasury		<u>2,115</u>		<u>20</u>		<u>2,090</u>		<u>-</u>
<b>Liability to Consolidated Fund</b>		<u>-</u>		<u>-</u>		<u>-</u>		<u>-</u>

The Summary of Compliance is based on the assumption that Consolidated Fund moneys are spent first (except where otherwise identified or prescribed). Liability to Consolidated Fund represents the difference between the "Amount Drawn Down against Appropriation" and the "Total Expenditure/Net Claim on Consolidated Fund".

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2010

### 1. Summary of Significant Accounting Policies

#### (a) *Reporting Entity*

The Chief Investigator of the Office of Transport Safety Investigations was established on 1 July 2005 as a statutory authority under the *Transport Administration Act 1988* as amended. The principal objective of this agency is to conduct investigations into rail and passenger transport accidents or incidents under the *Rail Safety Act 2008* and the *Passenger Transport Act 1990*.

The agency is a not-for-profit entity, as profit is not its principal objective and it has no cash generating units. The reporting entity is consolidated as part of the NSW Total State Sector Accounts.

These financial statements have been authorised for issue by the Chief Investigator on 18 October 2010.

#### (b) *Basis of Preparation*

The agency's financial statements are a general purpose financial report, which has been prepared in accordance with:

- applicable Australian Accounting Standards (which include Australian Accounting Interpretations);
- the requirements of the *Public Finance and Audit Act 1983* and Regulation; and
- the Financial Reporting Directions published in the Financial Reporting Code for Budget Dependent General Government Sector Agencies or issued by the Treasurer under Section 9(2)(n) of the Act.

Property, plant and equipment, investment property, assets (or disposal groups) held for sale and financial assets at "fair value through profit or loss" and available for sale are measured at fair value. Other financial reports items are prepared in accordance with the historical cost convention.

Judgements, key assumptions and estimations which management has made, are disclosed in the relevant notes to the financial statements.

All amounts are rounded to the nearest one thousand dollars and are expressed in Australian currency.

#### (c) *Statement of Compliance*

The financial statements and notes comply with Australian Accounting Standards, which include Australian Accounting Interpretations.

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2010

### **(d) Insurance**

The agency's insurance activities are conducted through the NSW Treasury Managed Fund Scheme of self insurance for Government agencies. The expense (premium) is determined by the Fund Manager based on past claim experience.

### **(e) Accounting for Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except that:

- The amount of GST incurred by the agency as a purchaser that is not recoverable from the Australian Taxation Office is recognised as part of the cost of acquisition of an asset or as part of an item of expense, and
- Receivables and payables are stated with the amount of GST included.

Cash flows are included in the Statement of Cash Flows on a gross basis. However, the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office are classified as operating cash flows.

### **(f) Income Recognition**

Income is measured at the fair value of the consideration or the contribution received or receivable. Additional comments regarding the accounting policies for the recognition of income are discussed below:

#### **(i) Parliamentary Appropriations and Contributions from Other Bodies:**

Parliamentary appropriations and contributions from other bodies (including grants and donations) are generally recognised as income when the agency obtains control over the assets comprising the appropriations and contributions. Control over appropriations and contributions is normally obtained upon the receipt of cash.

An exception to the above is when appropriations are unspent at year-end. In this case, the authority to spend the money lapses and the unspent amount must be repaid to the Consolidated Fund in the following financial year. As a result, unspent appropriations are accounted for as liabilities rather than income. When the amount is repaid, the liability will be extinguished next financial year.

#### **(ii) Rendering of Services:**

Revenue is recognised when the service is provided.

#### **(iii) Investment Revenue:**

Interest revenue is recognised using the effective interest method as set out in AASB 139 *Financial Instruments: Recognition and Measurement*.

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2009

### (g) Assets

#### (i) Acquisition of Assets

The cost method of accounting is used for the initial recording of all acquisitions of assets controlled by the agency. Cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire the asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the requirements of other Australian Accounting Standards.

Assets acquired at no cost or for nominal consideration are initially recognised at their fair value at the date of acquisition. Fair value is the amount for which an asset could be exchanged between knowledgeable, willing parties in an arm's length transaction.

#### (ii) Capitalisation Threshold

Property, plant, equipment (including computers and related IT equipment) and intangible assets costing \$5,000 and above individually (or forming part of a network costing more than \$5,000) are capitalised.

#### (iii) Impairment of property, plant and equipment and intangible assets

As a not-for-profit with no cash generating units, the agency is effectively exempted from AASB 136 *Impairment of Assets* and impairment testing of property, plant and equipment and intangible assets. This is because AASB 136 modifies the recoverable amount test to the higher of fair value less the costs to sell and depreciated replacement cost. This means that, for an asset already measured at fair value, impairment can only arise if selling costs are material. Selling costs are regarded as immaterial.

#### (iv) Depreciation and Amortisation

Depreciation and amortisation are provided for on a straight-line basis for all depreciable assets so as to write off the depreciable amount of each asset as it is consumed over its useful life to the agency. The depreciation rates used are leasehold improvements (20%), office furniture and equipment (20%), computer equipment (20%) and intangible assets (20%).

#### (v) Maintenance

Day-to-day servicing costs or maintenance are charged as expenses as incurred, except where they relate to the replacement of a part or component of an asset, in which case the costs are capitalised and depreciated.

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2009

### (vi) Leased Assets

Operating lease payments are charged to the Statement of Comprehensive Income in the periods in which they are incurred. The agency does not have any finance leases.

### (vii) Intangible Assets

The agency recognises intangible assets only if it is probable that future economic benefits will flow to the agency and the cost of the asset can be measured reliably. Intangible assets are measured initially at cost. Where an asset is acquired at no or nominal cost, the cost is its fair value as at the date of acquisition.

All research costs are expensed. Development costs are only capitalised when certain criteria are met.

The useful lives of intangible assets are assessed to be finite (refer to note (g) (iv) above). Intangible assets are subsequently measured at fair value only if there is an active market. As there is no active market for the agency's intangible assets, the assets are carried at cost less any accumulated amortisation.

### (viii) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These financial assets are recognised initially at fair value, usually based on the transaction cost or face value. Subsequent measurement continues to be based on the fair value (equivalent to the amortised cost) because the financial impact of using the effective interest method is immaterial.

### (ix) Impairment of financial assets

The receivables are subject to an annual review for impairment. An allowance for impairment is established when there is objective evidence that the agency will not be able to collect all amounts due. The amount of the allowance is the difference between the receivables carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate (where material). The amount of the impairment loss is recognised in the Statement of Comprehensive Income. Any reversals of impairment losses are reversed through the Statement of Comprehensive Income if the reversal can be related objectively to an event occurring after the impairment loss was recognised.

## CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

### Notes to and Forming Part of the Financial Statements For the year ended 30 June 2009

#### (x) Derecognition of financial assets and liabilities

A financial asset is derecognised when the contractual rights to the cash flows from the financial assets expire or if the agency transfers the financial asset:

- where substantially all the risks and rewards have been transferred; or
- where the agency has not transferred substantially all the risks and rewards, if the entity has not retained control.

Where the agency has neither transferred nor retained substantially all the risks and rewards or transferred control, the asset is recognised to the extent of the agency's continuing involvement in the asset.

A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

#### (h) **Liabilities**

##### (i) Payables

These amounts represent liabilities for goods and services provided to the agency and other amounts. Payables are recognised initially at fair value, usually based on the transaction cost or face value. Subsequent measurement continues to be based on the fair value as this is not materially different from the amortised cost.

##### (ii) Employee Benefits and Other Provisions

###### (a) Salaries and Wages, Annual Leave, Sick Leave and On-Costs

Liabilities for salaries and wages (including non-monetary benefits), annual leave and paid sick leave that fall due wholly within 12 months of the reporting date are recognised and measured in respect of employees' services up to the reporting date at undiscounted amounts based on the amounts expected to be paid when the liabilities are settled.

Long-term annual leave that is not expected to be taken within 12 months, is measured at present value in accordance with AASB 119 *Employee Benefits*. Market yields on government bonds are used to discount long-term annual leave.

Unused non-vesting sick leave does not give rise to a liability as it is not considered probable that sick leave taken in the future will be greater than the benefits accrued in the future.

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2009

The outstanding amounts of payroll tax, workers' compensation insurance premiums and fringe benefits tax, which are consequential to employment, are recognised as liabilities and expenses where the employee benefits to which they relate have been recognised.

### (b) Long Service Leave and Superannuation

The agency's liabilities for long service leave and defined benefit superannuation are assumed by the Crown Entity. The agency accounts for the liability as having been extinguished resulting in the amount assumed being shown as part of the non-monetary revenue item described as "Acceptance by the Crown Entity of employee benefits and other liabilities".

Long service leave is measured at present value in accordance with AASB 119 *Employee Benefits*. This is based on the application of certain factors (specified in NSWTC 09/04) to employees with 5 or more years of service, using current rates of pay. These factors were determined based on an actuarial review to approximate present value.

The superannuation expense for the financial year is determined by using the formulae specified in the Treasurer's Directions. The expense for certain superannuation schemes (i.e. Basic Benefit and First State Super) is calculated as a percentage of the employees' salary. For other superannuation schemes (i.e. State Superannuation Scheme and State Authorities Superannuation Scheme), the expense is calculated as a multiple of the employees' superannuation contributions.

### (c) Other Provisions

Other provisions exist when: the agency has a present legal or constructive obligation as a result of a past event; it is probable that an outflow of resources will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation.

Any provisions for restructuring are recognised only when the agency has a detailed formal plan and the agency has raised a valid expectation in those affected by the restructuring that it will carry out the restructuring by starting to implement the plan or announcing its main features to those affected.

If the effect of the time value of money is material, provisions are discounted at a pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the liability.

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2009

### **(i) Equity**

Equity comprises accumulated funds which include all current and prior period retained funds.

### **(j) Budgeted Amounts**

The budgeted amounts are drawn from the budgets as formulated at the beginning of the financial year and adjusted for the effects of additional appropriations.

The agency did not receive any supplementary funding in the year under review. Accordingly, the budgeted amounts in the Statement of Comprehensive Income and the Statement of Cash Flows are generally based on the amounts disclosed in the NSW Budget Papers. However, in the Statement of Financial Position, the amounts vary from the Budget Papers, as the opening balances of the budgeted amounts are based on carried forward actual amounts i.e. per the audited financial statements (rather than carried forward estimates).

### **(k) Comparative information**

Except when an Australian Accounting Standard permits or requires otherwise, comparative information is disclosed in respect of the previous period for all amounts reported in the financial statements.

### **(l) New Australian Accounting Standards Issued But Not Yet Effective**

The International Accounting Standards Board (IASB) has completed the third "Annual Improvements" cycle and issued the latest "improvements to International Financial Reporting Standards (IFRS)". The amendments will generally apply to financial reporting periods beginning on or after 1 January 2011 with early adoption permitted. Most of the changes are minor in nature and focus or clarify existing reporting requirements.

The AASB is expected to approve the improvements project standard at its next meeting.

These changes are not expected to significantly impact on the financial statements of the Chief Investigator of the Office of Transport Safety Investigations.

## CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

### Notes to and Forming Part of the Financial Statements For the year ended 30 June 2010

	2010 \$'000	2009 \$'000

### 6. Service Group Information

The agency has one service group namely:

#### Service group 50.1 – Investigation and Risk Mitigation Analysis

Description: This service group covers the mandated function of independently investigating safety incidents that occur in public transport and rail freight in New South Wales.

As the agency has only one service group, details of the agency's expenses, income, assets and liabilities are not required to be produced in the Service Group Statement as this information is already available in the Statement of Comprehensive Income and Statement of Financial Position.

	2010 \$'000	2009 \$'000
<b>7. Cash and Cash Equivalents</b>		
Cash at bank and on hand	184	163
	184	163

For the purposes of the Statement of Cash Flows, cash and cash equivalents include cash at bank and cash on hand. Cash and cash equivalent assets recognised in the Statement of Financial Position are reconciled at the end of the financial year to the Statement of Cash Flows as follows:

Cash and cash equivalents (per Statement of Financial Position)	184	163
Closing cash and cash equivalents (per Statement of Cash Flows)	184	163

### 8. Receivables

Goods and Services Tax – recoverable	8	8
Investment revenue receivable	2	2
Prepayments	12	12
	23	22

At balance date there was no need for an allowance for impairment of debtors.

Details regarding credit risk, liquidity risk and market risk, including financial assets That are either past due or impaired are disclosed in Note 18 in line with the Financial Reporting Code.

## CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

### Notes to and Forming Part of the Financial Statements For the year ended 30 June 2010

#### 13. Commitments for Expenditure

##### (a) Capital Commitments

The agency had capital commitments of \$22K as at balance date (2009-Nil).

	2010 \$'000	2009 \$'000
<b>(b) Other Expenditure Commitments</b>		
Aggregate other expenditure contracted for at balance date and not provided for:		
Not later than one year	430	435
Later than one year but not later than five years	86	87
Later than five years	344	348
Total (including GST)	-	-
	430	435

##### (c) Operating Lease Commitments

Future non-cancellable operating lease

Rentals not provided for and payable:

Not later than one year	1,036	1,925
Later than one year but not later than five years	382	385
Later than five years	654	1,540
Total (including GST)	-	-
	1,036	1,925

The agency leases its motor vehicles and office accommodation. Input tax on all commitments estimated at \$135K (2009 - \$215K) will be recouped from the Australian Taxation Office.

#### 14. Contingent Liabilities and Contingent Assets

The agency had no contingent liabilities and assets as at balance date (2009 – NIL).

#### 15. Budget Review

##### Net Cost of Services

The net cost of services for the year ended 30 June 2010 was \$2.387m which compares favourably to the budget of \$2.408m.

- **Employee related expenses** at \$1.696m were in line with the budget of \$1.684m.
- **Other operating expenses** amounted to \$533k against the budget of \$586k, an under-expenditure of \$53k principally due to property and contractor costs being lower than budget.

##### Deficit for the Year

The deficit for the year of \$167k was in line with the budget of \$174k.

## CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

### Notes to and Forming Part of the Financial Statements For the year ended 30 June 2010

#### Assets and Liabilities

The Statement of Financial Position comprises the following principal assets and liabilities:

- **Cash** of \$184k was higher than the budget of \$135K due to the releasing of protected funds of \$100k for general operating purposes.
- **Receivables** comprising GST, interest receivable, and prepaid insurance were in line with the budget.
- **Property, plant and equipment:** The agency acquired new assets to the value of \$19k in 2009-10.
- At \$255k **payables and provisions** were higher than the budget due to an increase for provisions for employee entitlements.

#### 16. Reconciliation of Cash Flows from Operating Activities to Net Cost of Services as reported in the Statement of Comprehensive Income

	2010 \$'000	2009 \$'000
Net Cash inflows from operating activities	39	(55)
Cash flows from Government/Appropriations	(2,135)	(2,090)
Acceptance by the Crown Entity of employee benefits and other liabilities	(85)	(89)
Depreciation and amortisation	(156)	(154)
Decrease/(Increase) in receivables	1	(10)
Increase/(Decrease) in creditors & accruals	16	17
Decrease/(Increase) in provisions	(60)	19
Loss on disposal of Plant and Equipment	(7)	-
Net Cost of Services	(2,387)	(2,362)

#### 17. Non-Cash Financing and Investing Activities

During the period, the agency undertook the following non-cash financing and investing activities:

	2010 \$'000	2009 \$'000
Employees' entitlements and liabilities Assumed by the Crown Entity (Note 5)	85	89
	85	89

# CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

## Notes to and Forming Part of the Financial Statements For the year ended 30 June 2010

### 18. Financial Instruments

The agency's principal financial instruments are outlined below. These financial instruments arise directly from the agency's operations or are required to finance the agency's operations. The agency does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

The agency's main risks arising from financial instruments are outlined below, together with the agency's objectives, policies and processes for measuring and managing risk. Further quantitative and qualitative disclosures are included throughout this financial report.

The Chief Investigator has overall responsibility for the establishment and oversight of risk management and reviews and agrees policies for managing each of these risks. Risk management policies are established to identify and analyse the risks faced by the agency, to set risk limits and controls and to monitor risks.

#### (a) Financial Instruments categories

	Note	Category	Carrying amount 2010 \$'000	Carrying amount 2009 \$'000
<b>Financial Assets Class</b>				
Cash and cash equivalents	7	N/A	184	163
Receivables	8	Loans and receivables (at amortised cost)	2	2
<b>Financial Liabilities Class</b>				
Payables	11	Financial liabilities (at amortised cost)	46	54

The above table does not include statutory receivables, payables, prepayments and unearned income as these are not within the scope of AASB7.

#### (b) Credit Risk

Credit risk arises when there is the possibility of the agency's debtors defaulting on their contractual obligations, resulting in a financial loss to the agency. The maximum exposure to credit risk is generally represented by the carrying amount of the financial assets (net of any allowance for impairment).

Credit risk arises from the financial assets of the agency, including cash and receivables. No collateral is held by the agency. The agency has not granted any financial guarantees.

## CHIEF INVESTIGATOR OF THE OFFICE OF TRANSPORT SAFETY INVESTIGATIONS

### Notes to and Forming Part of the Financial Statements

For the year ended 30 June 2010

#### **Cash**

Cash comprises cash on hand and bank balances within the NSW Treasury Banking System. Interest is earned on daily bank balances at the monthly average NSW Treasury Corporation (TCorp) 11am unofficial cash rate, adjusted for a management fee to NSW Treasury.

#### **Receivables – trade debtors**

All trade debtors are recognised as amounts receivable at balance date. Collectability of trade debtors is reviewed on an ongoing basis. Procedures as established in the Treasurer's Directions are followed to recover outstanding amounts, including letters of demand. Debts, which are known to be uncollectable, are written off. An allowance for impairment is raised when there is objective evidence that the agency will not be able to collect all amounts due. This evidence includes past experience, and current and expected changes in economic conditions and debtor credit ratings. No interest is earned on trade debtors. Sales are made generally on 30 day terms.

The agency is not materially exposed to credit risk as its debtors are minimal. At balance date the agency had no debtors which were impaired.

#### **(c) Liquidity Risk**

Liquidity risk is the risk that the agency will be unable to meet its payment obligations when they fall due. As a budget dependent agency the agency's primary source of cash inflows is the consolidated fund allocation to meet its ongoing operating and capital commitments including commitments to other transport agencies as set out in the budget papers approved by the NSW Parliament. The agency is prohibited by Treasury policies and practices from making payments in excess of the approved allocation. As such the agency's exposure to liquidity risk is deemed insignificant based on current Treasury policies and practices.

The liabilities are recognised for amounts due to be paid in the future for goods or services received, whether or not invoiced. Amounts owing to suppliers (which are unsecured) are settled in accordance with the policy set out in Treasurer's Direction 219.01. If trade terms are not specified, payment is made no later than the end of the month following the month in which an invoice or a statement is received. Treasurer's Direction 219.01 allows the Minister to award interest for late payment.

#### **(d) Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The agency is not exposed to this class of risk because as reported above its main source of cash inflows is the Consolidated Fund allocations. The agency does not hold financial instruments for trading purposes and as such is not exposed to market or price risks.

**Notes to and Forming Part of the Financial Statements**  
For the year ended 30 June 2010

**(e) Interest Rate Risk**

Interest rate risk is the risk that the value of the financial instruments will fluctuate due to changes in market interest rates. The agency's exposure to interest rate risk is immaterial.

**Financial Instruments**

At Fair Value	Floating Interest rate		Non-Interest Bearing		Total carrying amount as per Statement of Financial Position		Weighted average effective interest rate	
	2010 \$'000	2009 \$'000	2010 \$'000	2009 \$'000	2010 \$'000	2009 \$'000	2010 %	2009 %

<b>Total</b>	<b>-</b>	<b>-</b>	<b>46</b>	<b>54</b>	<b>46</b>	<b>54</b>		

**19. After Balance Date Events**

There were no significant events after balance date which impacted on these financial statements.

**End of Audited Financial Statements**

## Payment of Accounts

<b>Table:1 Aged analysis at the end of each quarter</b>					
	Current (Within due date)	Less than 30 days	Between 30 days and 60 days overdue	Between 60 days and 90 days overdue	More than 90 days
Quarter	\$000	\$000	\$000	\$000	\$000
September	-				
December	2				
March	-				
June	-				

## Time for Payments of Accounts

<b>Table :2 Amounts paid on time within each quarter</b>				
			Total accounts paid on time	Total Payments
Quarter	Target%	Actual%	\$'000	\$'000
September	100	99.8%	477	478
December	100	99.7%	577	579
March	100	100%	560	560
June	100	99.4%	517	<u>520</u>
Total				<u>2,137</u>

## Freedom of Information

There were no applications made under the FOI legislation in 2009/2010.

## Risk Management

OTSI participates in the Treasury Managed Fund insurance scheme and as such is insured against all risk associated with its activities. No claims were lodged in relation to Workers Compensation or any of the other insurance policies held through the TMF by OTSI in 2009/2010. In addition, OTSI has engaged Transport NSW to provide all its Information Technology services and therefore participates in the Transport NSW disaster recovery processes.

## **Privacy Management Plan**

OTSI has completed a Privacy Management Plan and lodged a copy with Privacy NSW. The plan incorporates privacy standards for dealing with personal information, ensures legally enforceable privacy rights of the public are respected, and prescribes how OTSI deals with personal information. It makes provision for the lodgement of complaints about misuse of personal information and for an internal review concerning an alleged misuse of personal information.

## **Disability Action Plan**

OTSI developed a new Disability Action Plan (DAP) and lodged a copy with the Department of Ageing, Disability & Home Care. The DAP identifies OTSI's responsibilities, objectives, goals and policies in relation to people with disabilities. The DAP articulates OTSI's commitment to ensuring that people with disabilities have the same access to OTSI's services, programs and facilities as the rest of the community.

## **Principal Legislation**

OTSI exercises functions under the:

- ◆ *Transport Administration Act 1988;*
- ◆ *Passenger Transport Act 1990;*
- ◆ *Rail Safety Act 2008,* and
- ◆ Regulations made under those Acts.

## **Credit Card Certification**

The Chief Investigator has certified that the use of credit cards was in accordance with Premier's Memorandum and Treasurer's Directions.

Within OTSI, credit cards are used primarily for:

- expenses incurred in connection with travel on official business;
- the purchase of minor stores and services; and
- meeting the cost of official out-of-pocket expenses when investigators are deployed in the field.

OTSI's credit card policy is documented, and requires monthly reconciliation of invoices by the cardholder and the Business Manager.

## **Response to Significant Issues Raised by the Auditor-General**

No significant issues for OTSI were raised by the Auditor General during 2009 - 2010.

## **Significant Committees**

OTSI does not participate in any committee activities relative to its role.

## Grants to Non-Government Organisations

There were no grants to non-government organisations.

## Legal Changes

Effective from 1 January 2009, the *Rail Safety Act 2008* replaced the *Rail Safety Act 2002* in New South Wales. The changes to the legislation had no effect on OTSI's investigative functions.

## Departures from Subordinate Legislation

There were no departures from the Subordinate Legislation Act.

## Major Works in Progress

There were no major works undertaken by OTSI in 2009 – 10.

## Human Resources of OTSI 2009 - 10

OTSI is an agency with a total staffing of 11 as at 30 June 2010. Given the size of the organisation and the nature of its functions, there is limited scope for OTSI to be represented across all the categories in the table below. OTSI is staffed by officers with industry and investigative experience in the various transport modes and with qualifications in engineering, safety science, occupational health and safety and accident forensics.

### 2009/2010 Staffing:

Population: Headcount: Non-casual Employees at June by Remuneration Level of Substantive Position

LEVEL	Number							
	TOTAL STAFF	Men	Women	Aboriginal People & Torres Strait Islanders	People from Racial, Ethnic, Ethno-Religious Minority Groups	People Whose Language First Spoken as a Child was not English	People with a Disability	People with a Disability Requiring Work-related Adjustment
< \$38,144		0	0	0	0	0	0	0
\$38,145 - - \$50,099		0	0	0	0	0	0	0
\$50,100 - \$56,008		0	0	0	0	0	0	0
\$56,009 - \$70,873		0	0	0	0	0	0	0
\$70,874 - \$91,652	1		1	0	0	0	0	0
\$91,653 - \$114,566	2	2	0	0	0	0	0	0
> \$114,566 (non SES)	7	7	0	0	0	0	0	0
> \$114,566 (SES)	1	1	0	0	0	0	0	0
<b>TOTAL</b>	<b>11</b>	<b>10</b>	<b>1</b>					

## Performance & Number of Executive Officers

<b>Name:</b>	Paul O'Sullivan
<b>Title:</b>	Chief Investigator, Office of Transport Safety Investigations
<b>Remuneration:</b>	\$267,650
<b>Level:</b>	SES Level 5
<b>Performance Pay:</b>	Nil

### **Performance Achievements:**

Successfully discharged the responsibilities of both the Chief Executive and Chief Investigator of the Office of Transport Safety Investigations, including the investigation of serious rail, bus and ferry accidents and incidents; review of operator investigation reports; provision of an industry safety service through the Confidential Safety Information Reporting Scheme and analysis of events in other jurisdictions to determine relevant safety trends.

Throughout the reporting period, the Chief Investigator reported to the Minister for Transport.

Specific achievements include:

- provided a 24-hour reporting service for the notification of rail, bus and ferry accidents and incidents;
- published a daily summary of incidents notified to OTSI through the incident reporting system and the immediate action taken;
- received and reviewed 254 "72 hour" incident reports from rail, bus and ferry operators as a follow-up to notified accidents and incidents;
- responded to and initiated 12 OTSI investigations into serious rail, bus and ferry accidents and incidents; continued another seven investigations which were already in progress and completed 11 investigations in the reporting period.
- reviewed 10 rail, bus and ferry operator investigation reports to determine the adequacy of those investigations, their findings and recommendations;
- provided the Minister for Transport with monthly statutory reports on those operator investigations reviewed by OTSI;
- submitted eleven OTSI investigation reports to the Minister for Transport for tabling in Parliament;
- received 31 reports through the Confidential Safety Information Reporting Scheme and completed 23 of those investigations with outcomes provided to the reporters;
- provided continuing professional development, education and training for all staff, and
- continued the development and population of the Accident Investigation Management Database.

Performance & Number of Executive Officers			
Number of SES Officers			
SES Level	No of SES Officers (total) 2009	No of SES Officers (total) 2010	No of Female staff in SES 2010
5	1	1	0
Total	1	1	0

### Trends in the Representation of EEO Groups

EEO Group	% of Total Staff				
	Benchmark or Target	2007	2008	2009	2010
Women	50%	17%	8%	9%	9%
Aboriginal people and Torres Strait Islanders	2%				
People whose first language was not English	20%	9%			
People with a disability	12%	8%	10%		
People with a disability requiring work-related adjustment	7%	8.3%	9.5%		

### Multicultural Policies and Services Program

OTSI is a relatively small agency that does not deliver direct services to the public. OTSI does not have specific policies and procedures on multicultural issues and is not required to develop a relevant plan.

OTSI does, however, recognise the principles of multiculturalism and is aligned to the broader direction of the Community Relations Commission's Plan of Action 2012.

In line with these principles OTSI continued with the following activities during 2009 – 10:

- Ensured its recruitment practices are merit-based and not disadvantageous to any specific cultural group;
- Ensured that discrimination is not tolerated in any behaviour or practice in relation to OTSI; and
- Took into consideration cultural needs of our staff and stakeholders in our communication activities.

OTSI recognises that competent service delivery requires us to understand diversity, to confidently manage it, to reflect it and to draw on it. Diversity of people, languages, backgrounds, education and opinions is considered a valuable resource which is available to our investigators. It is valuable in terms of collating information, tasking, deployment and reporting.

Staff needs for cross-cultural training and education will be assessed and appropriate strategies developed to raise the competence, skills and awareness of staff to work with and meet the needs of culturally and linguistically diverse groups within their community.

### **Consultants**

OTSI did not engage any consultants in the 2009/10 financial year.

### **Land Disposal**

OTSI does not have any land to dispose of.

### **List of Major Assets**

OTSI has no major assets to report against.

### **Economic or Other Factors**

There were no economic or other factors affecting OTSI's operational objectives in 2009-2010.

### **Publications**

Apart from the investigation reports that were tabled in Parliament, the only other OTSI publication that was released in 2009 -10 was its Annual Report for 2008 - 09.

### **Occupational Health and Safety**

In conformity with the *OHS Act 2002*, OTSI operates its OHS Consultative Committee as a full staff meeting, given the number of staff employed by the Agency. Staff raise any concerns directly, and given the functions performed by OTSI, it is acutely aware of the need for safe working practices, especially in regard to its considerable field activities.

## Overseas Travel

Officer	Date	Destination	Purpose
Paul O'Sullivan	March 2010	Frankfurt, Germany United Kingdom	Attended the International Symposium on Tunnel Safety and Security. Meetings with UK Marine and Rail Accident Investigations Board.

## Waste Management

OTSI has in place a waste paper recycling program to reduce the impacts of paper usage and a toner cartridge recycling arrangement. Where practicable, purchases are made that are environmentally sustainable and energy efficient. Purchasing staff are encouraged to purchase items with recycled content such as stationery, re-manufactured toner cartridges and office copy paper.

## Code of Conduct and Ethics

OTSI has developed a Code of Conduct to assist staff by providing a framework for day to day decisions and actions while working in investigations.

Specifically the Code of Conduct:

- States the standards expected of staff within OTSI in relation to conduct in their employment.
- Assists in the prevention of corruption, maladministration and serious and substantial waste by alerting staff to behaviours that could potentially be corrupt or involve maladministration or waste.
- Provides information to assist staff to gain further information or more detailed guidance.

## Internal Audit and Risk Management Attestation- for the 2010-2011 financial year for the Office of Transport and Safety Investigations

I, Paul O'Sullivan, Chief Investigator of the Office of Transport Safety Investigations (OTSI) am of the opinion that the Office of Transport Safety Investigations has internal audit and risk management processes in place that are, excluding the exceptions described below, compliant with the core requirements set out in Treasury Circular NSW TC 09/08 Internal Audit and Risk Management Policy.

Ministerially Determined Departure	Reason for Departure and Description of Practicable Alternative Measures Implemented
Core Requirement 2	This is a Small organisation with limited revenue. We are currently in the process of engaging two independent members (one Chair/one independent member). Appointment has been negotiated with ITSr.
Core Requirement 3	As core requirement 2
Core Requirement 4	As core requirement 2

I, Paul O' Sullivan, Chief Executive and Chief Investigator am of the opinion that the Audit and Risk Committee for the Office of Transport Safety investigations (OTSI) will be constituted and operate in accordance with the independence and governance requirements of Treasury Circular NSW TC 09/08. The Chair and Members of the Audit and Risk Committee are:

- Independent Chair – Mr Ken Barker for three years,
- Independent Member – Mr Alexander Smith for three years, and
- Non-independent Member - Mr John Hartmann for three years.

These processes will provide a level of assurance that will enable the senior management of the Office of Transport Safety Investigations (OTSI) to understand, manage and satisfactorily control risk exposures.

### **Annual Report External Costs**

The cost of printing and production of the annual report was \$318.00
